i read the whole thing, I wasn't being critical, I knew you'd take
whatever I said in the wrong way unless I praised you to the skies,

but I wasn't going to do that either, if you like to write, then write, don't look to others for input, good or bad, no need to identify with others, be yourself and forget the badmouthing about anything, accentuate the positive, eliminate the negative, don't mess with mister inbetween
